PRICKLY PEAR VINEGAR

BIOLÓGICO
ORGANIC

Prickly pear vinegar is a unique innovative product. Added the usual benefits of fruit-based vinegar, it has the therapeutic properties of the prickly pear as an antibacterial agent, antioxidant, and agent for the control of blood pressure and diabetes, and that's why it's known as the healing condiment! Besides this, as a natural flavouring and seasoning it is used in cooking around the world!
